

## ATHLETIC PLAYER AGREEMENT

As a player, these are the expectations for the season:

- † **Goal** – To glorify God with our verbal and nonverbal actions.
- † **Season** – To play with integrity while attempting to play as many players as possible.
- † **Punctuality** – I will be ready to go when practice starts. This means, I will have eaten a snack if needed and I am ready for instruction. I understand I will not be able to go back to my locker and need to bring everything with me to be put in a designated place.
- † **Attitude** – To bring a positive, teachable attitude to practice and games.
- † **Behavior** – Knowing I am under God’s authority; I am willing to be taught both my current sport and life skills while being respectful to coaches and well as team members.
- † **Electronics** – Are to be left off and will not be turned on until practice is over.
- † **Absences** – When playing a team sport, I commit to attending every practice and every game regardless of my eligibility status. If I miss a practice before a game, I understand I might not see playing time, especially if something important was taught prior to the game.
- † **Playing time** – Playing time isn’t guaranteed. I have to earn the right to play in games. If I work hard in practice and have a positive attitude, my chances to play increase.
- † **Discipline** – I am willing to be coachable and do what is asked of me by the coaches. I understand playing is a privilege and not a right and the coaches have my best interest in mind.
- † **Uniforms** – Wearing a uniform is a privilege not a right. Uniforms are only permitted to be worn at VCA scheduled games or with permission from the Athletic Director and/or administration. During home games, a white article of clothing may be worn under the uniform shirt if needed. A dark blue article of clothing may be worn under the uniform shirt for away games.

I understand and I am willing to abide by this agreement for the benefit of myself and the other players.
